**Chorus**

Freedom, freedom for Palestine  
Freedom, freedom for Palestine  
Freedom, freedom for Palestine  
Palestine must be free

The Zionists cry "Our God is great"  
They fill the air with moral hate  
To sanctify dictatorship  
They crucify the Gaza strip  
This land is ours, the settlers claim  
Apartheid laws you will obey  
No one hears the tortured cries  
Beneath the rubble of Palestine

**Chorus**

They target children in their homes  
Burning flesh and splintered bones  
Then masquerade as self-defence  
This butchery of innocence  
Western powers avert their gaze  
While Palestine is left to blaze;  
Preaching peace, they wring their hands  
At ethnic cleansing in the Promised Land

**Chorus****Poem**

With stick & stones & broken bones  
We will rebuild our own homes  
In Palestine In Palestine  
In Palestine my home

With aching bloody angry cries  
We will tear down Zionist lies  
In Palestine In Palestine  
In Palestine my home

We faced their bullets eaten fire  
Growing strong in our desire  
In Palestine In Palestine  
In Palestine my home

Oh! Mother, you will live to see  
Our land walking tall and free  
In Palestine In Palestine  
In Palestine my home

**Tariq Mahmood**

US made bombs and missiles fly  
Reigning terror from the sky  
Their war machine will feed the beast  
To subjugate the Middle East  
Around the world we testify  
No more lies to justify  
Stand up now in every nation  
Break these chains of occupation

**Chorus**
