1 There are some who think they're smarter
But the war is far from finished
The cost just doesn't matter
Our commitment's undiminished
For the many not the few

Chorus
**And we'll organise together
As socialists always do
We will organise together
For the many not the few**

2 For many years we gave our all
Canvassing and campaigning,
Knocked on doors, set out our stalls
And leafleted the schools and stations
For the many not the few

3 {{ Despite the agony and pain
We can brave the stormy weather
Be formidable again
And start to regather
For the many not the few }}

4 So pick yourselves up,
And all stick together,
And never give up
Till we've built a world that's better
For the many not the few.

5 {{ The future starts today
There is no time to mope
We've still got a manifesto
That radiates with hope
For the many not the few }}

6 So raise up your heads
We're strong when we unite
Cherish your comrades
And carry on the fight
For the many not the few

7 Coz the time will come to rise
Like lions after slumber
To stand up and seize the prize
In unvanquishable number
For the many not the few.

8 The message in the end
Is we'll get nowhere by crying
We'll outwit every snake
And expose all their lying
For the many not the few.

Chorus
**Yes we'll organise together
As socialists always do
We will organise together
For the many not the few**
